Town debt as reported in '94,	\$777 12
Town debt as above,	197 17

Reduction of town debt, as appears,	\$609 95
-------------------------------------	----------

FRANK R. KENNETT,
MARK NICKERSON,
N. K. FORREST,

Selectmen of Madison.

I, John H. Burke, auditor of accounts of the Town of Madison for the year ending Feb. 15, 1895, hereby certify that I have carefully examined the foregoing accounts and I find them correctly cast and properly vouched.

JOHN H. BURKE, Auditor.

In addition to the above assets, the town has a claim for the interest upon the amounts due from the several collectors, as above named, which cannot be accurately determined until final settlement with them, by reason of the abatements that may be made by judgment of the selectmen.

Out of the amount raised to be expended on highways and bridges, there is a balance of \$366.70 that has not been paid out by the selectmen because of the good management of

the town highway agent. There is also a balance left from the amount raised for the support of the poor: but it cannot be accurately determined till the account is settled with the county.

Now, to allow the different amounts not used, because of the prudent management of the different town officers, to be paid on town debt, the report would appear as follows:

Settled assets, as shown above, \$952.53; less liabilities, town notes, \$652.35, literary fund paid by State and due school district, \$101.60, amounting to \$753.95, we should pay the town debt of \$777 12, as reported Feb. 15, 1894, and have \$198.58 left in the town treasury.

I hereby submit the above statements because of different opinions in regard to the standing of the town Feb. 15, 1895.

FRANK R. KENNETT.

Report of Road Agent.

GEORGE A. NICKERSON, Road Agent.

REPORT OF SCHOOL BOARD.

*To the citizens of the Town School District in the Town of
Madison:*

We herewith submit to you our annual report of our school and district affairs for the year ending Feb. 15, 1895—
School at Corner Division.

Both summer and fall terms were taught by Mrs. S. M. Harmon. Her work is always honest and worthy of comment. In short, this school made rapid and thorough advancement.

School at Silver Lake Division.

Summer term was given to Miss Sadie Kennett's charge. She is always faithful in discharging her duties. The scholars were obedient and their progress most thorough.

Fall term was commenced by Mr. Arthur Given. He is an excellent scholar, but owing to some difficulty he closed his school suddenly, and the term was finished by Miss Sadie Kennett, who sustained her former reputation as a teacher.

School at Nickerson Division.

Summer term was under the care of Mrs. Nora B. Frost. Her schools are always of the highest grade in scholarship and deportment.

Fall term was taught by Miss Mabel Flanders. We believe her work was faithfully and well done.

School at Mason Division.

Both terms were given to Miss Olive Loud's jurisdiction. Miss Loud is an honest and faithful teacher. We believe her work deserves the approval of all.

School at Tasker Division.

Summer term was taught by Miss Mabel Flanders. This school was well conducted and the result was most satisfactory.

Fall term was taught by Mrs. Cora M. Allard, who has taught here several terms, which is comment enough in itself. School at Quarry Division.

Both terms were taught by Mrs. George W. Rust. This is the first year we have succeeded in having a school in this section. The advantages for schooling here are poor in the extreme, and the scholars were not in the habit of going to school. Yet, with all these disadvantages, Mrs. Rust's labors were not in vain. The cost of this school was money well expended.

In behalf of the children of this district permit us to say that they are shamefully neglected by the voters of the district. The records of the past six years will show that two-thirds of their time has been occupied in the streets, or elsewhere in places of indolence, owing to a deficiency in the school fund. Good government and civil or religious liberty demand more knowledge and better training for future citizens. While we are well aware that taxes are high (and you'd claim they were even at the smallest rate), yet your duty to your children should take precedence to the love of money. Our children should have at least from 26 to 30 weeks schooling a year, and we are sure you would not notice the extra tax you would have to pay in order to give them this schooling. The pride you would have in your children by so doing would outweigh the cost ten-fold; besides, it would increase the value of your property.

There is also a shortage in our book supply most of the time. It is a waste of money to try to run a school unless it is properly supplied with school furnishings. Just call your mere conscience to consult with you concerning these matters.

Our schoolhouses are now worthy of their position and their use. And now let us use them two-thirds of the time for schooling. But before closing, allow us to call your attention to the school at the Boston and Maine quarry. This last summer this was the largest school in the district, and there is no schoolhouse there. We think you should give your closest attention and your unbiased opinion concerning this matter.

We make this appeal to you in behalf of poor children,

not of any personal interest of ours; for we can stand it if you can. But let us tell you that long schools and comfortable school buildings and plenty of text books, with a public interest in mental culture, makes a town worthy of forming a part of a civilized nation.

ISAAC W. FROST,
W. G. MARTIN,
WILLIE C. KENNETT,
School Board of Madison.
